HOMEOWNERS LOVE PVC TRIM.

It is virtually maintenance free and it complements all exterior cladding materials, including vinyl, wood, stucco, fiber cement, and brick. Installers prefer it because cellular PVC trim is lightweight and durable and it can be installed using ordinary woodworking tools.

THE MOST COST-EFFECTIVE
TRIM IN THE MARKETPLACE

TAKE YOUR PROJECT TO THE NEXT LEVEL.

RAZOR TRIM OFFERS A COST-EFFECTIVE ADDITION TO ANY HOME EXTERIOR.

Your attention to quality and detail has never been more important. Razor Trim highlights the architectural features of your home and makes for head turning curb appeal –without rotting, peeling or fading.

- ★ Available in standard 16' lengths
- ★ Our trim is cut to keep the edges clean and dimensionally accurate with true 90° angles.
- ★ We offer two finishes, Smooth Matte and Wood Grain. Our trim boards can be ordered either Smooth/Smooth or Smooth/Wood Grain.
- ★ Wood Grain is designed with a more natural surface texture to compliment cedar or fiber cement siding.
